**Morning Language Program**

Through oral and written comprehension, as well as speaking and writing exercises, students acquire the linguistic tools they will need to effectively communicate in a variety of contexts. The program is divided into four skill levels, determined by a placement test. Interactive class activities and a task-based approach help students to learn level-specific grammar and vocabulary, all while discovering Francophone Culture through French literature, artistic movements, distinctive regional traditions and idiomatic expressions.

**Afternoon Cultural Discovery Program**

Expanding beyond the traditional classroom setting, students explore French through a variety of disciplines — all in immersion. Engaging thematic workshops enable them to understand and create their own work in French. Students of all levels will experience French culture through studio art, theater, fashion, sports and field trips to museums, restaurants and galleries around Boston!
